

Oh, what joy! Your tooth's on its way,
To the Tooth Fairy's land, without delay!
You've lost your first, hip, hip, hooray!

Your smile shines bright, like the sun's warm light,
So I left a surprise under your pillow tight.
Look closely, it's there, gleaming so bright!

Remember to brush, every day without rush,
To keep your teeth shiny, no need to hush!
A healthy smile, a treasure to cherish and flush!

Keep smiling wide, with joy and with pride,
For you, my dear, are a tooth-losing guide!
With love and fairy dust, I'll forever abide.

Sweet dreams and magical delights,
From the Tooth Fairy, with wings in flight!
